

**Student/Parent Handbook
2022-2023**

for

Cass City Elementary

Welcome to the Cass City Elementary School. All the members of the staff and I are pleased to have you as a student and will do our best to help make your experience as productive and successful as you wish to make it.

Mr. Aaron Fernald, Principal (989-872-2158 ext. 1811)

Shelly Miller, School Secretary/Athletic Secretary (989-872-2158 ext. 2500)

Jamie Reinke, School Attendance/Parapro (989-872-2158 ext. 2510)

Mrs. Allison Zimba, Superintendent of Schools (989-872-2200)

NOTE:	This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the Superintendent. Those Board Policies and Administrative Guidelines are incorporated by reference into the provisions of this Handbook. The Policies and Administrative Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed in August of 2019. If you have questions or would like more information about a specific issue or document, contact your school principal or access the document on the District's website: www.casscityschools.org and click on the schools tab to bring up Cass City Elementary.

FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. This handbook contains important information that you should know. Become familiar with the following information and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building principal.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District.

This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of August 2022.

MISSION OF THE SCHOOL

Cass City Elementary is committed to meeting the needs of our students to prepare them for success as lifelong learners in a global society

EQUAL EDUCATION OPPORTUNITY

It is the policy of this District to provide an equal education opportunity for all students.

Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin, while at school or a school activity should immediately contact:

Mrs. Zimba
Superintendent
989-872-2200

Complaints will be investigated in accordance with the procedures as described in Board Policy 2260. Any student making a complaint or participating in a school investigation will be protected from any threat or retaliation. The Superintendent can provide additional information concerning equal access to educational opportunity.

PARENT INVOLVEMENT

The District Parent Involvement Policy can be found in the Superintendent's office and referenced under NEOLA Policy 2112 in Special Update of November 2004.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before a student is removed because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the student's responsibility to deliver that information. If necessary, the mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, prepared to learn and participate in the educational program. If, for some reason, this is not possible, the student should seek help from their teacher or the building Principal.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down, and tornado drills as well as accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the School office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a physician, to the School Office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

HOMEBOUND INSTRUCTION

The District shall arrange for individual instruction to students of legal school age who are not able to attend classes because of a physical or emotional disability.

Parents should contact the school administration regarding procedures for such instruction. Applications must be approved by the building Principal. The District will provide homebound instruction only for those confinements expected to last at least five (5) days.

Applications for individual instruction shall be made by a physician licensed to practice in this State, parent, student, or other caregiver. A physician must: certify the nature and existence of a medical condition; state the probable duration of the confinement; request such instruction; present evidence of the student's ability to participate in an educational program.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document,
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate),
- C. proof of residency,
- D. proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

SCHEDULING AND ASSIGNMENT

The principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the principal.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent (a person whose signature is on file in the School office) or the parent coming to the school office to request the

release. No student will be released to a person other than a custodial parent(s) without written permission signed by the custodial parent(s) or guardian.

TRANSFER OUT OF THE DISTRICT

Parents must notify the principal about plans to transfer their child to another school. If a student plans to transfer from Cass City Elementary the parent must notify the principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records, may not be released if the transfer is not properly completed. Parents are encouraged to contact the building principal or attendance secretary for specific details.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

WITHDRAWAL FROM SCHOOL

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the attendance secretary.

EMERGENCY MEDICAL AUTHORIZATION

The Board has established a policy that every student must have an Emergency Medical Authorization Form completed and signed by his/her parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

The Emergency Medical Authorization Form is provided at the time of enrollment and at the beginning of each year. Failure to return the completed form to the school will jeopardize a student's educational program.

USE OF MEDICATIONS

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should, with their physician's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form must be filed with the building principal before the student will be allowed to begin taking any medication during school hours.
- C. All medications must be registered with the principal's office.

- D. Medication that is brought to the office will be properly secured.

Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance. A two to four (2-4) week supply of medication is recommended.

Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/or reactions.

- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.
- G. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written instructions and the parent's written permission release.
- H. Medications will be dispensed only by authorized school personnel.

Asthma Inhalers and Epi-pens

Students, with appropriate written permission from the physician and parent, may possess and use a metered dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. Epinephrine (Epi-pen) is administered only in accordance with a written medication administration plan developed by the school principal and updated annually.

Non-prescribed (Over-the-Counter) Medications

No staff member will be permitted to dispense non-prescribed, over-the-counter (OTC) medication to any student.

Parents may authorize the school to administer a non-prescribed medication using a form which is available at the school office. A physician does not have to authorize such medication but all of the other conditions described above under prescribed medications will also apply to non-prescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest, such as lice.

Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

CONTROL OF NONCASUAL-CONTACT COMMUNICABLE DISEASES

In the case of non-casual-contact, communicable-diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Human-immunodeficiency), HAV, HBV, HCV (Hepatitis A, B, C); and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEA) and State law. Contact Mr. Fernald (Principal) at (989) 872-2158 to inquire about evaluation procedures and programs.

LIMITED ENGLISH PROFICIENCY

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extra-curricular programs of the District. It is, therefore the policy of this District that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular program offered by the District. Parents should contact Mr. Fernald (Principal) at (989) 872-2158 to inquire about evaluation procedures and programs offered by the District.

STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

Neither the Board nor its employee's shall permit the release of the social security number of a student, or other individual except as authorized by law (see AG 8350). Documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Directory information includes:

- A. a student's name;
- B. participation in officially recognized activities and sports;
- C. weight, if member of an athletic team which requires disclosure to participate;
- D. date of graduation;
- E. awards received;
- F. honor rolls;
- G. scholarships;
- H. school photographs or videos of students participating in school activities, events or programs

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such “directory information” upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may wish to consult the Board’s annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found in the Superintendent’s Office.

Other than directory information, access to all other student records is protected by (FERPA) and Michigan law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to Elementary secretaries Mrs. Miller or Mrs. Reinke. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student’s privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the District has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District’s curriculum, without prior written consent of the student (if an adult, or an

emancipated minor) or, if an un-emancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, the Superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Superintendent will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW 20202-4605
Washington, D.C.
www.ed.gov/offices/OM/fpco

Informal inquiries may be sent to the Family Policy Compliance Office via the following email addresses:

FERPA@ED.Gov; and PPRA@ED.Gov.

STUDENT FEES, FINES, AND SUPPLIES

The District will provide all basic supplies needed to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or desire to help conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies for these purposes. (See Policy 6152)

Fees may be waived in situations where there is financial hardship.

Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment. The fine will be used to pay for the damage, not to make a profit.

Late fines can be avoided when students return borrowed materials promptly. Their use may be needed by others.

Failure to pay fines, fees, or charges may result in the withholding of certain school related privileges.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fund-raisers.

Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.

Students must not participate in a fund-raising activity for a group in which they are not members without the approval of the student's counselor.

Students may not participate in fund-raising activities off school property without proper supervision by approved staff or other adults.

Students who engage in fund raisers that require them to exert themselves physically beyond their normal pattern of activity, such as "runs for", will be monitored by a staff member in order to prevent a student from over-extending himself/herself to the point of potential harm.

Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the School. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

MEAL SERVICE

WE ARE PLEASED TO INFORM YOU THAT CASS CITY PUBLIC SCHOOLS WILL BE PARTICIPATING IN THE COMMUNITY ELIGIBILITY PROVISION (CEP) AS PART OF THE NATIONAL SCHOOL LUNCH PROGRAM FOR THE SCHOOL YEAR.

THE GREAT NEWS IS THAT ALL STUDENTS ENROLLED AT OUR SCHOOL CAN RECEIVE A HEALTHY BREAKFAST AND LUNCH AT NO CHARGE TO YOUR HOUSEHOLD EACH DAY.

The Board believes the development of healthy behaviors and habits with regard to eating cannot be accomplished by the District alone. It will be necessary for the school staff, in addition to parents and the public at large, to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. Parents interested in being involved should contact Food Services Director Mrs. Shari Bock.

FIRE/LOCK DOWN/TORNADO DRILLS

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building. The alarm signal for fire drills consists of a loud sustained buzzer.

Tornado drills will be conducted during the tornado season using the procedures provided by the State. The alarm signal for tornadoes is different from the alarm signal for fires and lock down drills and consists of a building wide announcement made from the Principal's Office.

Lock down drills in which the students are restricted to the interior of the school building and the building secured will occur a minimum of two (2) times each school year. The alarm system for a school lock down is different from the alarm system for fires and tornadoes and consists of an intercom announcement signifying the type of lockdown as pre-arranged with school personnel.

EMERGENCY CLOSINGS AND DELAYS

If the school must be closed or the opening delayed because of inclement weather or other conditions, the School will notify the following radio and television stations:

Radio Stations

WKYO	AM	13.60 Caro	WLEW	AM	13.40 Bad Axe
WMIC	AM	6.60 Sandusky	WHNN	FM	96.1 Saginaw
WIOG	FM	102.5 Saginaw			

TV Station

WNEM	TV 5	Bay City	WJRT	TV 12	Flint
------	------	----------	------	-------	-------

Parents and students are responsible for knowing about emergency closings and delays.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan will be made available for inspection at the Board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to obtain a pass. Any visitor found in the building without a pass shall be reported to the principal. If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the School, in order to schedule a mutually convenient time.

Students may not bring visitors to school without prior written permission from the Principal.

USE OF THE LIBRARY

The library is available to students throughout the school day. Passes may be obtained from a student's teacher or from the librarian. Books on the shelves may be checked out for a period of one week. To check out any other materials, contact the librarian.

In order to avoid late fees, all materials checked out of the library must be returned to the library within a one week period.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the Principal to use any other school equipment or facility. Students will be held responsible for the proper use and protection of any equipment or facility they are permitted to use.

LOST AND FOUND

The lost and found area is in the Elementary office or on a table near the cafeteria/gym. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of the school year.

STUDENT SALES

No student is permitted to sell any item or service in school without the approval of the building principal. Violation of this may lead to disciplinary action.

USE OF TELEPHONES

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Cell phones that are brought to school must be kept out of sight and turned off during school hours. Violation of this policy will result in the following:

- The first violation of this policy will result in the confiscation of the cell phone and a warning given. Upon student request, the phone will be returned to the student at the end of the day.
- The second violation of this policy will result in the confiscation of the cell phone and disciplinary action. Upon student request, the phone will be returned to the student at the end of the day.
- The third and subsequent violations of this policy will result in the confiscation of the cell phone and disciplinary action. At this stage, confiscated cell phones must be picked up by the parent.

Office phones are for emergency use only. If a situation arises where a student must contact someone outside of school, a cell phone may be used in the office with the approval of the administration or office personnel.

Once school begins, on-person possession and/or usage of electronic communication devices such as beepers, pagers, ipod's, cd players, radios etc. are prohibited on school property. Violations of this policy are treated in the same manner as cell phones.

The school will not be responsible for lost, stolen, or damaged electronic devices.

ADVERTISING OUTSIDE ACTIVITIES

Students may not post announcements or advertisements for outside activities without receiving prior approval from the principal. The principal will try to respond to requests for approval within twenty-four (24) hours of their receipt.

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent.

- Attendance rules apply to all field trips.

GRADES

Cass City Elementary has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

All teachers in grades 2 thru 6 shall utilize the following grade scale:

A	95.0 - 100.	D+	67.0 - 69.9
A-	90.0 - 94.9	D	63.0 - 66.9

POSITIVE BEHAVIOR SUPPORT PLAN

Cass City Elementary is pleased to announce their participation with the State Board adopted initiative, "Positive Behavior Support". A positive behavior support system is a data-based effort that concentrates on adjusting the system that supports the student. Such a system is implemented by collaborative, school-based

teams using person-centered planning. School-wide expectations for behavior are clearly stated, widely promoted and frequently referenced. Both individual and school-wide learning and behavior problems are assessed comprehensively. Functional assessment of learning and behavior challenges is linked to an intervention that focuses on skill building. The effectiveness of the selected intervention is evaluated and reviewed, leading to data-based revision. Positive interventions that support adaptive and pro-social behavior and build on the strengths of the student lead to an improved learning environment. Students are offered a continuum of methods that help them learn and maintain appropriate behavior and discourage violation of codes of student conduct.

Cass City Elementary in an effort to promote positive behavior emphasizes the following: **Show Respect, Outstanding Effort, Always Honest, and Responsibility. (SOAR)** We appreciate all your help.

Grading Periods

Students shall receive a report card at the end of each nine-week period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, PLACEMENT, AND RETENTION

Promotion to the next grade (or level) is based on the following criteria:

1. current level of achievement
2. potential for success at the next level
3. emotional, physical, and/or social maturity

RECOGNITION OF STUDENT ACHIEVEMENT

Students who have displayed significant achievements during the course of the year are recognized for their accomplishments. Areas that may merit recognition include but are not limited to academics, performing arts, and citizenship. Recognition for such activities is initiated by the staff and coordinated by the principal and office staff.

Honor Roll(s)

Students who receive all A's and no citizenship mark below a three (3) will be recognized on the all A Honor Roll. Students receiving all A's and B's and no citizenship mark below a three (3) will be recognized on the A/B Honor Roll.

HOMEWORK

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the State mandated test and graduation.

Homework will not generally be used for disciplinary reasons but only to enhance the student's learning.

COMPUTER TECHNOLOGY AND NETWORKS

Before any student may take advantage of the School's computer network and the internet, s/he and his/her parents must sign an agreement which defines the conditions under which the student may participate. Failure to abide by all of the terms of the agreement may lead to termination of the student's computer account and possible disciplinary action as outlined in the Student Code of Conduct or referral to law enforcement authorities. Copies of the School District's *Student Network and Internet Acceptable Use And Safety Policy* and the requisite student and parent agreement are available in the superintendent's office

Advances in telecommunications and other related technologies have fundamentally altered the ways in which information is accessed, communicated, and transferred in society. Such changes are driving the need for educators to adapt their means and methods of instruction, and the way they approach student learning, to harness and utilize the vast, diverse, and unique resources available on the Internet. The Board of Education is pleased to provide Internet services to its students. The Board encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, and communication skills and tools which will be essential to life and work in the 21st century. The instructional use of the Internet will be guided by the Board's policy on Instructional Materials.

The District's Internet system has not been established as a public access service or a public forum. The Board has the right to place restrictions on its use to assure that use of the District's Internet system is in accord with its limited educational purpose. Student use of the District's computers, network, and Internet services (Network) will be governed by this policy and the related administrative guidelines, and the Student Code of Conduct. The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Network. Users have no right or expectation to privacy when using the Network including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the Network.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, the Internet provides students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

First, and foremost, the Board may not be able to technologically limit access, to services through the Board's Internet connection, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in

the world, will open classrooms and students to electronic information resources which have not been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures which block/filter Internet access to visual displays that are obscene, child pornography or harmful to minors. The Board utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The Board supports and respects each family's right to decide whether to apply for independent student access to the Internet.

The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of electronic communications
- B. the dangers inherent with the online disclosure of personally identifiable information and,
- C. the consequences of unauthorized access (e.g., "hacking") cyber bullying and other unlawful or inappropriate activities by students online

School staff shall be responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Internet. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyber bullying awareness and response. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Students and staff members are responsible for good behavior on the Board's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Students shall not access social media for personal use from the District's network, but shall be permitted to access social media for educational use in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet through the Board's

computers assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this Board policy and its accompanying guidelines.

The Board designates the Superintendent and Technology Director as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to the use of the Network and the Internet for instructional purposes.

STUDENT ASSESSMENT

M-STEP shall be used to assess student performance in grades 3-6. Students will be assessed in the subjects of English Language Arts, Mathematics, Science, and Social studies

Testing will be conducted in the spring of the year with the testing window spanning a seven-week period from April 2023 thru May 2023.

Parents and students should watch school newsletters and the local press for more detailed information regarding these state assessments.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

Students will not be required, as part of the school program or District curriculum, to submit to or participate in any survey, analysis, or evaluation that reveals information of a personal nature in accordance with Board policy and Federal guidelines.

Depending on the type of testing and specific information requested, parent (or student) consent may need to be obtained. Cass City Elementary will not violate the rights of consent and privacy of a student participating in any form of evaluation.

SECTION III - STUDENT ACTIVITIES

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

Extra-curricular activities do not reflect the School curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

Non-school sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the principal. The applicant must verify that the activity is being initiated by students, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities, and that non-school persons do not play a regular role in the event. All school rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society as proscribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non-district-sponsored organization may use the name of the school or school mascot.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Many important lessons result from active participation in classroom and other school activities which cannot be replaced by individual study.

Attendance is important in the development of a high quality work ethic which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is **his/her dependability in coming to work every day and on time**. This is a habit the School wants to help students develop as early as possible in their school careers.

Regular school attendance is required by law. Therefore, Cass City Elementary has the responsibility of keeping complete attendance for every student enrolled. Because of the high priority placed on attendance, the administration and teachers seek parent involvement in this important responsibility. The following information outlines our attendance procedures:

- 1) When a student is absent from school, his/her parent/guardian must:
 - a) Call the school office at 872-2158 ext. 2510 on the day of the absence stating their name, their child's name and grade, **reason for the absence** and the number of day's he/she will be absent. **OR**
 - b) Send a signed note with their child on the day following the absence stating the reason and date(s) of the absence, if a phone is unavailable. If you have any questions about an unexcused absence please call the office.
- 2) Excused absences include injury, quarantine, medical, dental or counseling appointment, funeral, court appearance or a prearranged absence. If absent at any time for a medical, dental or counseling appointment, please ask the doctor, dentist or therapist for an excuse slip to bring to the office. These are referred to as "documentable absences" and as such are not subject to truancy laws.
- 3) **Pre-arranged absences:** If a student knows in advance that it is necessary for him/her to be absent on a particular day or days, he/she should bring a written note from a parent/guardian and obtain work for the days to be missed. Work assigned for the days of the prearranged absence is expected to be completed upon the student's return to school.
- 4) An absence is unexcused until a parent/guardian contact is made. It will be the responsibility of the parent/guardian to contact the school for days that their child misses. The parent/guardian will have the day of the absence and the next 2 school days to contact the school. Student's may or may not receive credit for the work missed on the day of an unexcused absence.
- 5) Students are responsible for work missed on the days they were absent.
- 6) When a student has been absent (excused or unexcused) from school for a total of six (6) days per year, a letter will be sent to the parent/guardian to inform them of their child's total absences and our attendance policy and procedures.
- 7) When a student has been absent (excused or unexcused) from school for a total of nine (9) days per year, a second letter will be sent to the parents and Tuscola County Truant Officer at the Tuscola Intermediate School District office.
- 8) Skyward is set up to contact any unexcused absences for the day. It will contact you around 6:00 p.m. and ask for a reason. Attendance is almost always done on a daily basis.

Excused Absences

An excused absence allows the student to make up all possible work. It is the responsibility of the student to obtain missed assignments. It is possible that certain kinds of school work such as labs or skill-practice sessions cannot be made up and, as a result, may negatively impact a student's grade.

Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a registered physician.

Students who are excusably absent for more than six days in a grading period, regardless of the reasons, will be considered "frequently absent". If there is a pattern of frequent absence for "illness", the parents will be required to provide a statement from a physician describing the health condition that is causing the frequent illness and the treatment that is being provided to rectify the condition. Without such a statement, the student's permanent attendance record will indicate "frequent unexplained illness", a possible sign of poor work ethic and irresponsible behavior.

During the next grading period, a "frequently-absent" student will be placed on "attendance watch" to monitor whether or not the pattern continues. If it continues, the student may be denied the opportunity to participate in non-curricular school activities and events and a notation made on his/her grading record and transcript concerning his/her frequent absence from school.

Truancy

Unexcused and undocumented absences from school (truancy) are not acceptable. Students who are truant may receive no credit for school work that is missed. After nine (9) days of truancy in a school year, a student will be considered a "habitual truant" which can result in:

- assignment to an alternative placement with loss of participation in school activities and events;
- a poor work-ethic grade which will become a part of the student's permanent record
- a report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence, neither excused nor unexcused.

A suspended student will be responsible for making up school work lost due to suspension. It is recommended that a student complete missed assignments during the suspension and turn them in to the teacher upon his/her return from school. Assignments may be obtained from the Elementary school office beginning with the first day of a suspension. Make up of missed tests may be scheduled when the student returns to school.

- The student will be given credit for properly-completed assignments and a grade on any made-up tests.

Excusable, Non-approved Absence

If a student is absent from school because of suspension or vacation, the absence will not be considered a truancy, and s/he will be given the opportunity to make up the school work that is missed.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents shall be subject to the truancy laws of the State.

The skipping of classes or any part of the school day is considered an unexcused absence and no make-up of class work will be permitted. Disciplinary action will follow.

Tardiness

The attendance/tardy policy for the Elementary School is as follows:

If a student is late for the start of the morning or afternoon sessions by up to 1 hour, that student is determined to be tardy. If the student misses more than 1 hour of either session, that student is determined to be 1/2 day absent for that session.

It is important for the student to be in school each and every day, not only is this important for academic reasons, but consistency in a child's life is critical.

If your child continues to be tardy, which is not due to medical reasons, a direct referral to our truancy officer may result.

A student who is not in his/her assigned location by the start of each class period shall be considered tardy. Any student arriving late to school is to report to the school office before proceeding to class. Beginning with the fourth (4) unexcused tardy per marking period the parent/guardian shall be contacted and a student may be assigned discipline at the discretion of the administration. Excessive tardiness will be referred to the Truancy Officer.

Vacations During the School Year

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the principal and the student's teacher(s) to make necessary arrangements. It may be possible for the student to receive certain assignments that are to be completed during the trip.

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is required that students be accompanied by a parent or adult chaperone when they attend the event. The School will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone. Parent/guardian shall be contacted if a student(s) are left unattended at school sponsored events.

The school will continue to provide adequate supervision for all students who are participants in a School activity. Students must comply with the Code of Conduct at school events, regardless of the location.

CODE OF CONDUCT

A major component of the educational program at Cass City Elementary is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

- abide by national, State, and local laws as well as the rules of the school;
- respect the civil rights of others;
- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal, regardless of the other's ability, gender, race, religion, height, weight, disability, or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family, and in the school.

Dress and Grooming

While fashion changes, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

Do my clothing expose too much? (no)

Does my clothing advertise something that is prohibited to minors? (no)

Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing?
(no)

Would I interview for a job in this outfit? (yes)

Am I dressed appropriately for the weather? (yes)

Do I feel comfortable with my appearance? (yes)

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

The following styles or manners of dress are prohibited:

- In general, clothing needs to be clean and appropriate for the climate and the situation. Students shall not wear attire which interferes with the operation of the school or which impinges upon the general health, safety, and welfare of the district, students, or employees.
- Students will be asked to change clothing immediately. If necessary, parents will be called to bring in appropriate clothing or the student may be sent home to change. The student may also be suspended.

The following clothing and/or accessories (including jewelry) are unacceptable:

-Hats, bandanas, and/or headgear of any kind.

-Students will not wear coats during the school day.

-Sunglasses, jewelry, or clothing with studs or spikes, and wallet chains.

-Tops: Spaghetti straps, tube tops, and halters are unacceptable, as are any tops exposing the midriff. While standing straight up with your arms outstretched to the side and parallel to the floor, if bare skin shows in the midriff area front or back, your top is too short and should be changed.

-If wearing a see-through top, the underlying garment must meet dress code.

-No short-shorts. Shorts, skirts, and dresses must be approximately knee length. While standing straight up with hands fully extended downward at the sides, the shorts should reach the tips of the fingers. Pants with holes in them are subject to the same regulations (holes are not allowed above finger tip level).

-Clothing must be free of slogans or symbols making reference to or promoting illegal substances (including alcohol, drugs, and tobacco), and must not display words, symbols, or pictures that are derogatory, racist, violent, obscene, or vulgar.

-All slacks, jeans, etc. must be worn at or near the waist (NO “sagging”)

-Nightwear (such as pajama bottoms, robes, or slippers) is for night, NOT school.

-No low cut clothing that is revealing.

Students who are representing Cass City Elementary at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs which initiate, advocate or promote activities which threaten the safety or well-being of persons or which are disruptive to the school environment are not tolerated.

Incidents involving initiations, hazing, intimidations or related activities which are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures which symbolize gang membership or causing and/or participating in activities which are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the building principal.

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student does damage to or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Student Discipline Code.

STUDENT DISCIPLINE CODE

The Board of Education has adopted the following Student Discipline Code. The Code includes the types of misconduct that will subject a student to disciplinary action. The Board has also adopted the list of behaviors and the terms contained in the list.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with a "safe" and "orderly" environment. Discipline is within the sound discretion of the School's staff and administration. Due process ensures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation.

Cass City Elementary believes that the school climate is an important aspect of the educational process. It is the goal of students, staff and administration to develop a safe, inviting, and positive school environment. Discipline should be a positive way of helping and guiding children to achieve self-control. The handling of discipline in the elementary school is based upon the severity of the individual incident. When classroom or school expectations are not followed they are broken down into either a minor violation or a major violation.

Most initial discipline situations are handled by the classroom teachers or playground assistant. In the event that a discipline matter cannot be resolved then the student will be referred to the **Student Responsibility Classroom (SRC)**. This classroom is a room where students go to deal with their inappropriate behavior. In the SRC, students learn how to handle a situation in a more respectful and responsible manner. In order to get back to class/recess, students are required to write a plan of action to deal with their behavior. Before a student may return to class, he/she must meet and discuss the plan with the teacher. Each visit to the SRC room will result in a phone call home. A fifth referral to the SRC room, during the same marking period, could result in a suspension pending a meeting with parents/guardians. A plan of action that will modify negative behaviors that have led to the SRC referrals shall be developed during the parent meeting. All major violations such as fighting, stealing, threat to another student or staff will be referred directly to the principal. The SRC room is primarily set up to handle minor violation of school of expectation.

EXPLANATION OF TERMS APPLYING TO THE STUDENT DISCIPLINE CODE

(Organized by Rule Number)

Each of the behaviors described below may subject the student to disciplinary action including suspension and/or expulsion from school.

1. Use of drugs

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or distribution is also prohibited. If caught, the student could be suspended or expelled and law enforcement officials may be contacted. Sale also includes the possession or sale of over-the-counter medication to another student.

2. Use of Breath-Test Instruments

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one (1) other member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, s/he will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.

3. Use of tobacco

Smoking and other tobacco uses are a danger to a student's health and to the health of others. The school prohibits the sale, distribution, use, or possession of any form of tobacco or electronic cigarettes or similar devices during school time or at any school activity. This prohibition also applies when going to and from school and at school bus stops. Violations of this rule could result in suspension or expulsion. "Use of tobacco" shall mean all uses of tobacco, including cigars, cigarettes, or pipe tobacco, chewing tobacco, snuff, or any other matter or substance that contains tobacco, in addition to papers used to roll cigarettes. The display of unlighted cigars, cigarettes, pipes, vapos, other "smoking" paraphernalia or tobacco products on one's person is also prohibited by this policy.

4. Student disorder/demonstration

Students will not be denied their rights to freedom of expression, but the expression may not infringe on the rights of others. Disruption of any school activity will not be allowed. If a student (or students) feels there is need to organize some form of demonstration, s/he is encouraged to contact the Principal to discuss the proper way to plan such an activity. Students who disrupt the school may be subject to suspension or expulsion.

5. Possession of a weapon

A weapon includes, but is not limited to, firearms, guns of any type whatsoever including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons and explosives. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Criminal charges may be filed for this violation. Possession of a weapon may subject a student to expulsion and possible permanent exclusion. It makes no difference whether or not the weapon belongs to someone else, unless the student can provide convincing evidence that the weapon was placed in the student's possession without his/her knowledge. If it can be confirmed that a weapon was brought on District property by a student other than the one who possessed the weapon, that student shall also be subject to the same disciplinary action.

State law may require that a student be permanently expelled from school, subject to a petition for possible reinstatement if s/he brings onto or has in his/her possession on school property or at a school-related activity any of the following:

any explosive, incendiary, or poison gas including bombs, grenades, rockets, missiles, mines, or device that can be converted into such a destructive item

any cutting instrument consisting of a sharp blade over three (3) inches long fastened to a handle

any similar object that is intended to invoke bodily harm or fear of bodily harm (e.g. air gun, blow-gun, toy gun, etc.)

6. Use of an object as a weapon

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, jewelry and so on. Intentional injury to another can be a felony and/or a cause for civil action. This violation may subject a student to expulsion.

7. Knowledge of Dangerous Weapons or Threats of Violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the principal. Failure to report such knowledge may subject the student to discipline.

8. Purposely setting a fire

Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony and will subject the student to possible expulsion.

9. Physically assaulting a staff member/student/person associated with the District

Physical assault at school against a District employee, volunteer, or contractor which may or may not cause injury may result in charges being filed and subject the student to expulsion. Physical assault is defined as “intentionally causing or attempting to cause physical harm to another through force or violence.”

10. Verbally threatening a staff member/student/person associated with the District

Verbal assault at school against a District employee, volunteer, or contractor or making bomb threats or similar threats directed at a school building, property, or a school-related activity will be considered verbal assault. Verbal threats or assault may result in suspension and expulsion. Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

11. Extortion

Extortion is the use of threat, intimidation, force, or deception to take, or receive something from someone else. Extortion is against the law. Violations of this rule will result in disciplinary action up to and including suspension or expulsion.

12. Gambling

Gambling includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on an activity in which they are involved may also be banned from that activity. Violations of this rule could result in suspension or expulsion.

13. Falsification of school work, identification, forgery

Forgery of hall/bus passes and excuses as well as false I.D.'s are forms of lying and are not acceptable.

Plagiarism and cheating are also forms of falsification and subject the student to academic penalties as well as disciplinary action. Violations of this rule could result in suspension or expulsion.

It is expected that students will do their own schoolwork to the best of their abilities. If it is determined that a student has cheated, the teacher will notify the student’s parents to discuss the incident and a failing grade will be recorded for the assignment, test, or project on which the student cheated. Discipline will be handled by the principal as cheating is classified as a major behavior problem in the discipline hierarchy.

NOTE: Cheating is defined as being dishonest and deceitful relative to schoolwork as determined by the teacher. A student who provides answers, etc. is considered to be as guilty as the one who receives answers.

14. False alarms, false reports, and bomb threats

A false emergency alarm, report, or bomb threat endangers the safety forces that are responding, the citizens of the community, and persons in the building. What may seem like a prank is a dangerous stunt. Violations of this rule could result in suspension or expulsion.

15. Explosives

Explosives, fireworks, and chemical-reaction objects such as smoke bombs, pipe bombs, bottle bombs, small firecrackers, and poppers are forbidden and dangerous. Violations of this rule could result in suspension or expulsion.

16. Trespassing

Although schools are public facilities, the law does allow the school to restrict access on school property. If a student has been removed, suspended, or expelled, the student is not allowed on school property without authorization of the Principal. In addition, students may not trespass onto school property at unauthorized times or into areas of the school determined to be inappropriate. Violations of this rule could result in suspension or expulsion.

17. Theft

When a student is caught stealing school or someone's property, s/he will be disciplined and may be reported to law enforcement officials. Students are encouraged not to bring anything of value to school that is not needed for learning without prior authorization from the Principal. The school is not responsible for personal property. Theft may result in suspension or expulsion.

18. Disobedience

School staff is acting "in loco parentis," which means they are allowed, by law, to direct a student as would a parent. This applies to all staff, not just teachers assigned to a student. If given a reasonable direction by a staff member, the student is expected to comply. Chronic disobedience can result in expulsion.

19. Damaging property

Vandalism and disregard for school property will not be tolerated. Violations could result in suspension or expulsion and shall include restitution.

20. Persistent absence or tardiness

Attendance laws require students to be in school all day or have a legitimate excuse. It is also important to establish consistent attendance habits in order to succeed in school and in the world-of-work. Excessive absence could lead to suspension from school.

21. Unauthorized use of school or private property

Students are expected to obtain permission to use any school property or any private property located on school premises. Any unauthorized use shall be subject to disciplinary action. This includes use of the internet and communication networks in a manner not sanctioned by policy and administrative guideline. Violations of this rule could result in suspension or expulsion.

22. Refusing to accept discipline

The school may use informal discipline to prevent the student from being removed from school. When a student refuses to accept the usual discipline for an infraction, the refusal can result in a sterner action such as suspension or expulsion.

23. Aiding or abetting violation of school rules

If a student assists another student in violating any school rule, they will be disciplined and may be subject to suspension or expulsion. Students are expected to resist peer pressure and exercise sound decision-making regarding their behavior.

24. Displays of affection

Students demonstrating affection between each other is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Such behavior may result in suspension from school or possibly expulsion.

25. Possession of Wireless Communication Devices (WCDs)

The school prohibits the use of any video device from any restroom, locker room or other location where students and staff “have a reasonable expectation of privacy.” A student improperly using any device to take or transmit images will face disciplinary action up to and including a suspension, loss of privileges, and may be recommended for expulsion.

“Sexting” is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

Taking or transmitting images or messages during testing is also prohibited. If a student is caught transmitting images or messages during testing, s/he will fail the exam and disciplinary action will be taken. Loss of privileges is an accompanying penalty, and expulsion is a possibility, even on the first offense.

* Please also refer to section on use of phones.

26. Violation of individual school/classroom rules

Each learning environment has different rules for students. Individual rules are for the safe and orderly operation of that environment. Students will be oriented to specific rules, all of which will be consistent with the policy of the school. Persistent violations of rules could result in suspension or expulsion.

27. Violation of bus rules

BUS DISCIPLINE PROCEDURE:

The driver reporting the violation will deliver it to the building principal of the student. Parents will be contacted each time a bus write-up occurs.

- 1st OFFENSE – Warning.
- 2nd OFFENSE– Three day minimum bus suspension.
- 3rd OFFENSE - Five day minimum bus suspension.
- 4th OFFENSE- Ten day minimum bus suspension
- 5th OFFENSE- Suspension of bus riding privileges for the remainder of the school year.

The principal may bypass steps 1-4 and indefinitely suspend a student from riding the bus if, in the principal's opinion, it is in the best interest of the bus driver and his/her students to do so.

28. Disruption of the educational process

Any actions or manner of dress that interferes with school activities or disrupts the educational process is unacceptable. Such disruptions also include delay or prevention of lessons, assemblies, field trips, athletic, and performing arts events.

29. Harassment

Harassment of students is prohibited, and will not be tolerated. This includes inappropriate conduct by other students as well as any other person in the school environment, including employees, Board members, parents, guests, contractors, vendors and volunteers. It is the policy of the District to provide a safe and nurturing educational environment for all of its students. This policy applies to all activities on school property and to all school sponsored activities whether on or off school property.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical or emotional well-being. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any harassment that would negatively impact students.

Harassment through any means, including electronically transmitted methods (e.g., internet, telephone or cell phone, personal digital assistant (PDA), computer or wireless hand held device), may be subject to District disciplinary procedures. Such behavior is considered harassment whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle if it is considered to have a negative impact on the school environment.

Any student that believes s/he has been/or is the victim of harassment should immediately report the situation to the teacher, the principal or assistant principal, or may report it directly to the Superintendent at 989-872-2200. Complaints will be investigated in accordance with AG 5517.

Every student should, and every staff member **must** report any situation that they believe to be improper harassment of a student. Reports may be made to those identified above.

If the investigation finds harassment occurred it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employee, exclusion for parents, guests, volunteers and contractors, and removal from any officer position and/or a request to resign for Board members.

Retaliation against any person for complaining about harassment, or participating in a harassment investigation, is prohibited. Suspected retaliation should be reported in the same manner as harassment. Intentionally false

harassment reports, made to get someone in trouble, are also prohibited. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been harassment, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

Harassment

- A. submission to such unwelcomed conduct or communication is made either an explicit or implicit condition of utilizing or benefiting from the services, activities, or programs of the School District;
- B. submission to, or rejection of, the unwelcomed conduct or communication is used as the basis for a decision to exclude, expel or limit the harassed student in the terms, conditions or privileges of the School District;
- C. the unwelcomed conduct or communication interferes with the student's education, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the student's educational opportunities. This may include racial slurs, mocking behavior, or other demeaning comments.

Sexual Harassment, may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades, or safety,;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

29a. Hazing

The Board of Education believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any District-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Hazing – any type of initiation procedure for any school related activity, which involves conduct such as but not limited to:

- A. illegal activity, such as drinking or drugs;
- B. physical punishment or infliction of pain
- C. intentional humiliation or embarrassment;
- D. dangerous activity;
- E. activity likely to cause mental or psychological stress;
- F. forced detention or kidnapping;
- G. undressing or otherwise exposing initiates.

29b. Bullying and Other Aggressive Behavior

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file. Parent/guardian shall be notified when warranted.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or Assistant Principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The Principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken,

including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliatio n/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Prevention/Training

The Superintendent may establish a program or other initiatives involving school staff, students, clubs or other student groups, administrators, volunteers, parents, law enforcement, community members, and other stakeholders, aimed at the prevention of bullying or other aggressive behavior.

The District may provide, and all administrators, school employees, contracted employees and volunteers who have significant contact with students shall undertake training on preventing, identifying, responding to, and reporting incidents of bullying and other aggressive behavior.

The District may provide, and all students shall undertake, annual training on preventing, identifying, responding to, and reporting incidents of bullying, cyber bullying and other aggressive behavior.

The District may provide and all parents or legal guardians may be offered the opportunity to undertake annual training on preventing, identifying, responding to, and reporting incidents of bullying, cyber bullying and other aggressive behavior.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

"Bullying" is defined as any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

Is it Bullying?

- When someone says or does something unintentionally hurtful, and they do it once, that's **RUDE**.
- When someone says or does something intentionally hurtful, and they do it once, that's **MEAN**.
- When someone says or does something intentionally hurtful, and they keep doing it – even when you tell them to stop or show them that you're upset – that's **BULLYING**.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

30. Possession of a Firearm, Arson, and Criminal Sexual Conduct

In compliance with State law, the Board may permanently expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation.

A dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices.

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with Board Policy 2461 and Federal due process rights appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines which are available in the principal's office.

31. Criminal acts

Any student engaging in criminal acts at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime), when school rules and the law are violated.

Students should be aware that state law requires that school officials, teachers and appropriate law enforcement officials be notified when a student of this District is involved in crimes related to physical violence, gang related acts, illegal possession of a controlled substance, analogue or other intoxicants, trespassing, property crimes, including but not limited to theft and vandalism, occurring in the school as well as in the community.

Safety Concerns

Students should not use roller blades, bicycles, skateboards scooters, or any other form of personal transportation device in school hallways or District pedestrian traffic areas. Exceptions may be made to reasonably accommodate students with mobility impairments. Use of any means of travel within buildings and on grounds by other than generally accepted practices where appropriate is prohibited. Students violating this expectation will be subject to disciplinary action.

32. Profanity

Any behavior or language, which in the judgment of the staff or administration, is considered to be obscene, disrespectful, vulgar, profane and/or violates community held standards of good taste will be subject to disciplinary action.

DISCIPLINE

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the principal's responsibility to keep things orderly. In all cases, the School shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Two types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the school. It includes:

- writing assignments;
- change of seating or location;
- lunch-time/after-school detention;
- in-school restriction;

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one (1) day's notice. The student or his/her parents are responsible for transportation.

Failure to timely serve in-school detention may lead to a suspension from school. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

The following rules shall apply to detentions:

Students are required to have class assignments with them.

Students are not to communicate with each other unless given special permission to do so.

Students are to remain in their designated seats at all times unless permission is granted to do otherwise.

Students shall not be allowed to put their heads down or sleep.

No radios, cards, magazines, or other recreational articles shall be allowed in the room;

No food or beverages shall be consumed.

Formal Discipline

Formal discipline removes the student from school. It includes emergency removal for up to seventy-two (72) hours, suspension for up to ten (10) school days, and expulsion from school. Suspensions and expulsions may carry over into the next school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion can be appealed.

Students being considered for suspension or expulsion are entitled to an informal hearing with the building administrator, prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to make a defense.

If a student is suspended, the parents may appeal the suspension, in writing, to the building principal and a formal appeal hearing will be held.

Suspension from co-curricular and extra-curricular activities may not be appealed.

When a student is being considered for expulsion, a formal hearing is scheduled with the Board of Education and the parents will be given written notice of the hearing and will be expected to attend. The Board of Education then takes testimony and determines if a student will be expelled. In the case of expulsion, the student remains out of school until the next regularly scheduled Board of Education meeting.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while at school or a school-related event, s/he may be subject to school disciplinary action as well as to action by the community's legal system. These are separate jurisdictions and do not constitute double jeopardy (being tried twice for the same crime)

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.), or Section 504 of the Rehabilitation Act of 1973.

DUE PROCESS RIGHTS

Before a student may be suspended or expelled from school, there are specific procedures that must be followed.

Suspension from School

When a student is being considered for a suspension of ten (10) days or less, the administrator in charge will notify the student of the charges. The student will then be given an opportunity to explain his/her side and the administrator will then provide the student the evidence supporting the charges. After that informal hearing, the principal will make a decision whether or not to suspend. If a student is suspended, s/he and his/her parents will be notified, of the reason for and the length of the suspension. The suspension may be appealed, within two (2)

school days after receipt of the suspension notice, to the Superintendent. The request for an appeal must be in writing.

During the appeal process, the student shall not be allowed to remain in school.

The appeal shall be conducted in a private meeting and the student may be represented.

When a student is suspended, s/he may make-up work missed while on suspension.

Any learning that cannot be made up such as labs, field trips, skill-practices, or any learning that the student chooses not to make-up may be reflected in the grades earned.

A student being considered for suspension of more than ten (10) days will be given due process as described in the expulsion section below.

Long-term suspension or expulsion from school

When a student is being considered for long-term suspension (more than ten (10) days) or expulsion, the student will receive a formal letter of notification addressed to the parents which will contain:

- * the charge and related evidence;
- * the time and place of the Board meeting;
- * the length of the recommended suspension or a recommendation for expulsion;
- * a brief description of the hearing procedure;
- * a statement that the student may bring parents, guardians, and counsel;
- * a statement that the student and/or parent may bring a translator or request a transfer for hearing impaired students or parents;
- * a statement that the student may give testimony, present evidence, and provide a defense;
- * a statement that the student may request attendance of school personnel who were party to the action or accused the student of the infraction;
 - the ability of the student and/or parent to request, potentially at their own cost, a transcript of the hearing, if Board/hearing officer approved.

Students being considered for long-term suspension or expulsion may or may not be immediately removed from school. A formal hearing is scheduled with the Board of Education during which the student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice.

All opportunity to earn grades or credit ends when a student is expelled.

Cass City Elementary makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, it is not appealable. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the principal.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student's consent.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock's combination or key to the principal.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs and offices of the District are the District's property and are to be used by students, where appropriate, solely for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. is obscene to minors, libelous, indecent and pervasively or vulgar,
 - 2. advertises any product or service not permitted to minors by law,
 - 3. intends to be insulting or harassing,
 - 4. intends to incite fighting or presents a likelihood of disrupting school or a school event.
 - 5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

STUDENT CONCERNS, SUGGESTIONS, AND GRIEVANCES

The school is here for the benefit of the students. The staff is here to assist each student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. Any suggestions, concerns, and grievances may be directed to the principal or to the student government.

A student may have the right to a hearing if the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard. A student may not petition to have a change in grade.

SECTION V - TRANSPORTATION

Bus Transportation to School

The transportation schedule and routes are available by contacting the Transportation Director at 989-872-5618.

Students may only ride assigned school buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the principal.

The building principal may approve a change in a student's regular assigned bus stop to address a special need, upon the principal's approval of a note from parent stating the reason for the request and the duration of the requested change.

Bus Conduct

Students who are riding to and from school on transportation provided by the school are required to follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain that transportation safety.

Students must comply with the following basic safety rules:

Prior to loading (on the road and at school)

Each student shall:

be on time at the designated loading zone;

stay off the road at all times while walking to and waiting for the school transportation;

line up single file off the roadway to enter;

wait until the school transportation is completely stopped before moving forward to enter;

refrain from crossing a highway until the driver signals it is safe to cross;

go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. The bus will not wait. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

remain seated while the school transportation is in motion;

keep head, hands, arms, and legs inside the school vehicle at all times;

not litter in the school vehicle or throw anything from the vehicle;

keep books, packages, coats, and all other objects out of the aisle;

be courteous to the driver and to other riders;

not eat or play games, cards, etc.;

not tamper with the school vehicle or any of its equipment.

Leaving the bus

Each student shall:

remain seated until the vehicle has stopped;

cross the road, when necessary, at least ten (10) feet in front of the vehicle, but only after the driver signals that it is safe;

be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

Videotapes on School Buses

The Board of Education has installed video cameras on school buses to monitor student behavior. Actual videotaping of the students on any particular bus will be done on a random-selection basis.

If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with Federal law. Due to FERPA laws parents/guardians are not permitted to view such tapes.

Penalties for Infractions

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.
